

Certificate of Compliance

for
AMPAC HOLDINGS, LLC

CINCINNATI, OHIO

APRIL 2015

This certifies that the principals of this facility have completed an Arc Flash Risk Assessment to determine the level of fault current at each required electrical enclosure and device, along with the PPE level requirements and the determination of the arc flash boundary distances. This is in accordance with OSHA 29 CFR 1910 and NFPA 70E regulations.

A handwritten signature in black ink, appearing to read 'D. Carpenter'.

David Carpenter, BSEE
Senior Engineer
